## *Laurieton Men's Shed*

Shed Phone 5519 8019

**Vision Statement:** The Laurieton Men's Shed aims to be the venue of choice for men of all ages in the local community; to share their interests, skills and ideals in a spirit of mateship and a place to benefit their health through participation in a variety of activities with a sense of belonging.

## Happenings Around Your Shed.

### P&C Meeting - Friday 21st June.

Another well attended social evening with about 20 men engaged in friendly conversation, kelly pool, and UNO. Thanks to John Toth for providing a variety of finger food at short notice when Scotty succumbed to an illness he thankfully chose to keep to himself.

The pizza oven should be back in action in July regardless of the weather thanks to Brian Wood and helpers, who built an awning over the oven and preparation area. Rumours are that Paella might be on the menu.

## Metal Workings

Two recent restoration projects - Generator & Mower (c 1958)

### **Belongings.**

Members should understand that EVERYTHING inside the gate at the shed belongs to either a member or to the Laurieton Men's Shed inc.

NOTHING belongs to Mr Nobody. If you are told that something can be taken without reference to the owner or the Shed Committee, then ignore this advice. If members want to buy something they must ask a committee man and he will set a price and the money must be paid to the treasurer who will issue a receipt. For very small things the price may be set at zero so no receipt will be issued.

### **Membership Renewals.**

The AGM will be on September 17th which is about .....months away.  
Before that annual fees of \$30 are due by 01/09/19. This is the extension from 01/02/19 so we all got 6 months membership for free.

### **Workshop Safety Video.**

Wayne McGrath has put together a very informative video presentation on safely working with workshop machinery and tools. It is available for viewing on the TV in the shed meeting room. If you think anything could be added, contact Wayne. You might even get an opportunity to make a guest star appearance.

### **Printer Inks.**

Do you have an inkjet printer at home? If your printer uses any of the ink cartridges listed below, there is a box of surplus inks in the shed computer room. Their condition is unknown, so they are offered for free to a good home.

### **Bus Drivers Needed.**

You may be aware that a few LMS members volunteer as drivers for the Queen's Lake Village bus. The number of drivers has declined recently, so the call is out for additional drivers. If you have a Light Rigid Driver's Licence, and some time to volunteer, please contact Dave Napper.
