**Vision Statement:** The Laurieton Men's Shed aims to be the venue of choice for men of all ages in the local community; to share their interests, skills and ideals in a spirit of mateship and a place to benefit their health through participation in a variety of activities with a sense of belonging.

## **Laurieton Men's Shed is OPEN - but not the way it was.**

Opening hours are: Monday, Tuesday & Thursday: 9:00 am - 3:30 pm.

Wednesday & Friday 9.00 am - 12 noon.

### **COVID-19**

Lockdown in our local area has come and gone since the last edition of Shavings. You have probably heard that traces of COVID-19 virus have been detected in the Dunbogan sewage treatment plant, so it has been very close to home, and possibly still is.

The shed reopened on Monday 13th September with rules similar to last year with check-in, hand hygiene, space restrictions and social distancing in place. All members are encouraged to get vaccinated as soon as possible. As the requirements evolve it is possible that unvaccinated members could be denied access to the shed.

### **Happenings Around Your Shed.**

Unsurprisingly there has been very little activity at the shed over the last month. A few members have been tending to the gardens and the bees, but not much else.

Management Committee have learned to use ZOOM - the online meeting service - for weekly meetings to keep shed inactivity running smoothly.

### **August General Meeting was CANCELLED.**

### **Workshop Timber Thicknesser.**

The carbide cutter blades in this machine have worn out prematurely and need to be replaced at a cost of about \$500. Users of the machine are requested to select cutting depth and feed rates appropriate for the material. This will avoid overloading it and extend cutter life.

### **LMS Membership Renewals**

Membership fees were due by 1st of September but there is a period of grace of 60 days after this date. EFTPOS payment is now available.

### **Tuesday & Thursday Lunches.**

Unfortunately, due to Centrelink issues, Joe is no longer able to prepare lunches. You will just have to bring your own.

## For a Laugh.

A lady comes back by plane from a holiday in Switzerland. She's sitting next to a priest. During the flight they get to talk and so she asks the pastor for a service...

Reverend, I bought a brand new modern epilator in Switzerland, it was not cheap and therefore exceeded the legal limit. I will have to pay import duties on it. Would it be possible to hide my ladyshave in your soutane?

Of course, but I have to warn you: I cannot lie.

But customs won't suspect you being a priest and let you through, so she gave him the ladyshave.

Arrived at Zaventem they pass by the customs post and the officer asks the priest... Nothing to report?

Well, says the priest, from my head to the seat belt, I have nothing to say.

The customs officer finds this answer strange and asks through... and below the belt?

Well says the priest... there is a fantastic apparatus for women, which has never been used.

The customs officer bursts into laughter and exclaims... all is good Father. Next!

**If you receive an email with the subject "Ding Dong", don't open it.**

**It's Jehovah's Witnesses working from home...**

The worst thing about a 7 day lockdown is the first 4 weeks.
