Australian Government covidsafe app.

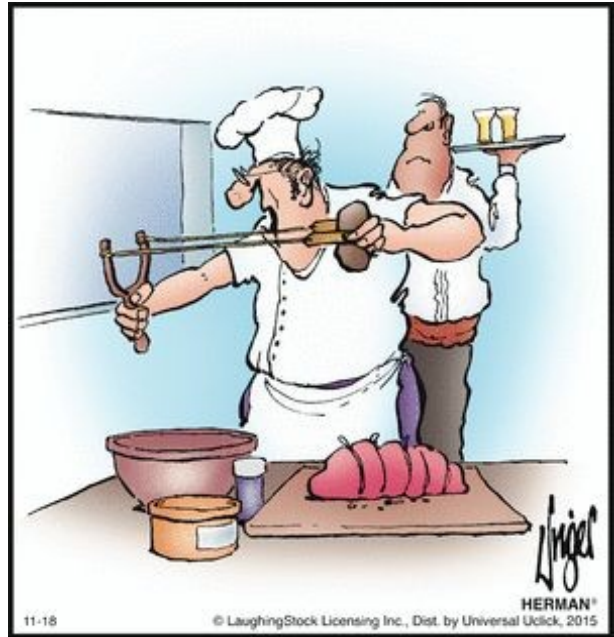

Did you previously attempt to install the covidsafe app on your phone, and fail due to incompatibility with your older phone operating system version? There have been several updates to the app which have not been widely publicised. Covidsafe is now compatible with many older phones. Give it another try and it might work for you.

For a Laugh.

**"I'll have a table for you
in two minutes."**

**"Is the guy in the green jacket the one
who complained about the
baked potatoes?"**

A very successful United States lawyer parked his brand-new Jaguar XK-8 in front of his office, ready to show it off to his colleagues. As he got out, a truck came along, too close to the curb, and completely tore off the driver's door. The lawyer immediately grabbed his phone and called 911. Within 5 minutes a police officer arrived. Before the cop had a chance to ask any questions, the lawyer started screaming hysterically. His Jag, which he had just picked up the day before, was now completely ruined and would never be the same, no matter how the body shop tried to make it new again.

After the lawyer finally wound down his rant, the cop shook his head in disgust and disbelief. "I can't believe how materialistic you lawyers are," he said. "You are so focused on your possessions that you don't notice anything else."

"How can you say such a thing?" asked the lawyer.

The cop replied, "Didn't you know that your left arm is missing from the elbow down? It must have been torn off when the truck hit you."

"My God!" screamed the lawyer. "Where's my Rolex?"
