Our Vision Statement: *The Laurieton Men's Shed aims to be the venue of choice for men of all ages in the local community; to share their interests, skills and ideals in a spirit of mateship and a place to benefit their health through participation in a variety of activities with a sense of belonging.*

Each month, on the third Tuesday, we meet for a general meeting. If you want to know what is happening, what is about to happen or what may happen in the future, bring up something that you want discussed, something to be looked at or given the 'flick', then come along. There will be attempt to keep the meetings shorter and more interesting. One idea, is to again have one of you men, tells us a bit about yourself. We all have a story to tell (*no you don't have to tell us about that one!*). And these stories are interesting. This was done some time ago and was well received. So how about you. A ten minute 'sketch' of your life. If you will do this, let Richard or the secretary know. Thanks.

And just inside the main door is a cabinet with a number drawers.

One is for you, for suggestions: complaints. Use it! →

Do you have this problem;...I can't remember my password so I decided to make my password "incorrect". Then if I type it in wrong, my computer will remind me, "Your password is incorrect"

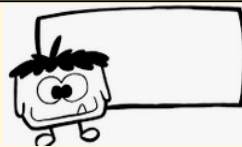

Editor, don't try this...

A clever and easy holder for that 'phone on charge'. Just cut down the bottle, paint and cut hole at top. Charger thru the hole and into the plug. Keeps it all neat and tidy

Always something happening around your Shed. And there is no end to the interests and skills that you will find there. Maybe there is something that you would like to have just a little try at. Someone will pass on some help and you may be surprised at what you can do.

Look, if these guys can do it, it can't be that hard???? (Sorry fella's). But seriously, think about this. You may be surprised what you can do, with a little help.

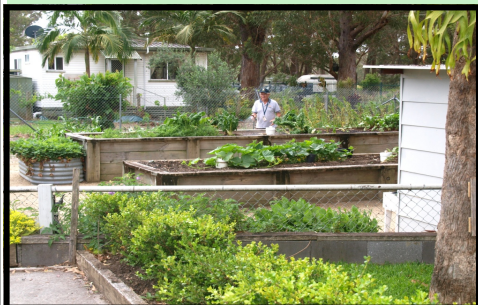

Don't forget to wear your name tag. Helps us to get to know you.. Don't have one? See Richard.

What is this ? We will keep you updated with this one. A work in progress. Another of the projects that our 'shedders' take on.

The gardens look great. Thank you gardeners. Try their veg's !

And the grounds are nice and neat.

Thank you to the man behind the mower.
